

Covenant Warriors, we have been set up (made ready). We have been Set Up for Success in 2026. The word of God in **Psalm 119:105 AMP** says, Your word is a lamp to my feet And a light to my path. **Psalm 119:130 NKJV** says, The entrance of Your words gives light; It gives understanding to the simple. Our path into 2026 has been illuminated with words like Believe in Him for it, Peace, Provision, and Protection. Filling in the gap, having a spirit of expectancy, focusing our full attention, finding our grace opportunities, and knowing that the way has already been made.

The Lord spoke to me about two focuses for this year. **First**, I heard the Lord say, 2026 is a year to **BE ON THE OFFENSE**. According to UltimateLexicon.com, the phrase "to be on the offense" in everyday language means taking proactive steps to achieve a goal or confidently asserting one's position. If you're a sports fan, you know what it means to be on offense. In many sports, to be on offense, you must have possession of the ball. In 2026, the Lord said we are on spiritual offense. We have possession of the ball, and that's called **TAKE WHAT YOU GOT**.

**Secondly**, I heard the Lord say, 2026 will be a year **OF STRATEGY**, and that's called **MAKE WHAT YOU NEED!!!** The word strategy in any form is not new to us. In Minister Kiffany Bethel's January 26, 2025, word, she said, "He impressed upon me that there is to be a strategic approach to this year." Prophetess Lois Robinson also, in her January 26, 2025, word, said, "**I WILL GIVE YOU STRATEGIES TO WIN**". You might say, didn't the Lord say that in 2025? Yes, He did. Let us remember that the Lord revealed to us how the Hebrew Calendar overlaps with our own. A part of 2025 and all of 2026 make up a Hebrew Calendar year. But more than that, we've learned not to box God in. What this also tells us is that many of you have been operating on the offense and utilizing God's strategies. Saints, there is still time to come back to the open door and to get on the path.

What is a strategy? According to AI Overview, "Strategy is a high-level, long-term plan or method for achieving one or more overarching goals, involving careful choices about resource allocation, activities, and trade-offs to gain an advantage. It defines where you'll focus efforts and how you'll win." God said He would give us strategies to win. Strategies to **MAKE WHAT WE NEED!!!**

Prior to Apostle Robinson casting the vision for 2026, he preached about the story of Jacob and Laban from Genesis 30 and 31. At that time, the Lord strongly impressed upon me the word strategy. Again, this word is not new to us. But when Apostle shared the theme, there was a greater depth in that word.

In Prophetess Lois's 2025 word, she said, "The Lord revealed to her that we are now walking in our **Genesis 31** promised blessings." This passage in the scripture focuses on

Jacob's win over Laban, his father-in-law. God would have us again take note of how He gave strategies to Jacob and **ACCELERATION** of the blessing because of his obedience.

Remember, God said we are walking in those same blessings. Prophetess Lois said,

- “I will give you strategies for supplemental provisions that will prosper you immensely.”
- “I will guard and protect your resources because of your faithfulness. I will give you dreams and visions to greatly increase your resources. You will lack nothing. What was meant for evil, I will turn it around and use it for your good to greatly increase your wealth.”

Although we have possession of the ball, just like the Widow had a small jar of oil (**TAKE WHAT YOU GOT**), we are called to respond quickly and completely to God's instructions (strategies), for success. On December 31, 2017, Apostle Leander Robinson said, “Our very lives and livelihood depend on how well we hear and obey.” It's about responding to God's commands without delay.

Saints, we have been set up for success in 2026. For those who have been walking in the blessings, continue striving to be like the servants in Matthew 25 who doubled their master's investment and were rewarded with more. There is still time to come back to **BELIEVE**, which is the open door. Be on offense (**TAKE WHAT YOU GOT**) and follow the strategies (**MAKE WHAT YOU NEED!!!**). Know this, the strategies are on the other side of the open door.
